

48. (New) The compound of Claim 39 which is

Remarks

With this Amendment, Applicants have added new Claims 38-48. No claims have been amended or canceled. New Claims 38-48 are directed to various preferred embodiments and/or compound species disclosed in the application as filed and define with greater particularity Applicants' invention. Support for each new claim is found in the specification at the pages and line numbers indicated below:

Claim	Support
38	page 10, line 20
39	page 12, lines 5-6
40	FIG. 1B
41	FIG. 1B
42	FIG. 1C
43	FIG. 1C
44	FIG. 1C
45	FIG. 1C
46	FIG. 1D
47	FIG. 1D
48	FIG. 1D

As new Claims 38-48 are fully supported by the application as originally filed, no new matter is presented. Moreover, since new Claims 38-48 ultimately depend from Claim 1, no new issues of patentability are presented. Accordingly, entry thereof into the instant application is proper and respectfully requested. New Claims 38-48 are patentable over the art cited in the final Office Action for the reasons discussed in Applicants' Amendment of April 7, 1999.

Conclusion

Claims 1-48 satisfy all of the criteria for patentability and are in condition for allowance. An early indication of allowance is therefore kindly requested.

Fees believed due in connection with this Amendment are being submitted concurrently herewith. However, the Commissioner is authorized to charge any required fee or credit any overpayment to PE Biosystems Deposit Account No. 01-2213.

Respectfully submitted,

Date: June 1, 1999
